In addition, body- and facial-tracking technology, previously seen in “FIFA 19” and its Living Motion camera, was also included. “With the HyperMotion technology the player movements have been heavily changed and we can see a more realistic result,” says Hayek, who believes the players are far more agile and reactive on the pitch. “We feel we have a very capable team now, and all players can and will make the right decisions on the pitch. This is what FIFA stands for, and we are delivering it in this year’s game.” “Modding” was introduced in the 2013 installment of the EA Sports series, FIFA 13. Modding allows players to create and share new playable content with others online. New rules, tactics and training materials have been provided for the past several years. In the UK, FIFA is still the most-played sports video game, while in the USA, “NFL Madden” is the number one sports game, according to the NPD Group (2012). In 2014, FIFA 15 was the highest-selling sports title in the UK, and the first time ever that FIFA’s FIFA Ultimate Team was the number one digital sport title. FIFA Ultimate Team gave players the ability to play as a professional football club and manage players in real life. In 2015, FIFA 16 sold the most soccer matches. In the UK, FIFA Ultimate Team sold the most soccer cards (2014 and 2015 combined). This time, FIFA Ultimate Team sold the most soccer cards in the UK on an individual basis. EA SPORTS FIFA is the world’s leading football game and the #1 sports title worldwide for six consecutive years. With FIFA Ultimate Team™ fans will be given the chance to play as their favourite clubs and legends, and have the opportunity to play from the beginning as an amateur before transforming into a professional who can take a team to the top with a set of players that are customisable, rated and crafted. What is the Football DNA? It’s a set of behavioural features and gameplay subsystems that are what makes EA SPORTS FIFA unique. This edition of FIFA ‘22 features Football DNA™, which is a system that allows players to create their own footballing identity with personalised skill ratings, video instructions, commentary lines, and other tools for the ultimate in the coaching experience. What are the Changes? In addition to fundamental gameplay advances, FIFA ‘22 introduces new features and new modes of play. Whether the player chooses to take the pitch in the new FIFA Ultimate Team mode, go solo in The Journey, or join an online match in EA SPORTS FIFA Community, FIFA ‘22 features: New Ultimate Team Draft Mode – Draft an entire team with the latest draft tool, which lets you pick and choose your best cards from a pool of players who will then compete in challenges to help earn their jersey. Additionally, with an expanded squad, you’ll be able to perform a real draft for your club in Ultimate Team, finally allowing players to take part in this valuable aspect of the game. The Journey – Take your skills offline in The Journey mode, an offline challenge that supports up to four players where you’ll advance your skills against the clock and keep a training diary to evaluate your improvements. Downloadable Players and Established Players – Download any player in a game of FIFA 18 to your squad and draft him into Ultimate Team on FIFA ‘22. Or, make a 30-day subscription to the Pro Clubs Pass and get your hands on a fully-fledged fantasy team. Pipeline tool – Watch videos showing the in-game progression of players, skills and cards in real time to help you choose your best players. Performance improvements – Players should be more accurate with the ball, defenders should be more consistent on their positioning, and the physics engine now better simulates the game. Higher and realistic ball physics – Players gain more control over the ball to better control it, and you’ll find that the bc9d6d6daa
